"All you need to know about performance parts and tuning the Fiat TwinAir engine!" The Fiat TwinAir provide a fun base for your project and with carefully picked performance upgrades like remaps, turbo kits and camshafts you will greatly maximize your driving enjoyment.

Fiat TwinAir Tuning - torquecars.com

The gut-wrenching sound of rending metal brought on by an unsatisfactory skirmish with a heavily-armoured octogenarian aside, there have been three key characteristics to Fiat Panda 0.9 TwinAir...

Fiat Panda 0.9 TwinAir (2013) long-term test review | CAR ...

The Twinair has is distractors, to be fair a lot just don't get it. To get the best out of it, you need to forget what you hear from the engine and keep it pulling around 1900-2100 rpm, you can also lift off the pedal early as it doesn't engine brake as much as a normal engine, so you can glide in gear better.

General: Buying Fiat 500 twinair 0.9, possible problems ...

The NA TA (one has yet to be released) will be 65bhp so boosting the engine to 85bhp seems reasonable; to 105bhp we are probably still within the rigours of reason. If you look at the A500 where most of the engines are running at 165bhp - 65% up on the NA - this engine seems by all accounts to be a hardy engine. But with the TA being 'half an ...

Technical: TwinAir: Will it be reliable? (discuss) - The ...

Lots about the Fiat 500 Twin Air I'm glad it's not just me that feels like this. I found it really tricky to drive in town, mainly because the normal gearchange indication (i.e. the engine noise ...
